

SWAMI RAM TIRTHA PUBLIC HIGH SCHOOL, PHASE-IV, MOHALI.

ANNUAL REPORT (2024-25)

The academic session 2024–25 was a vibrant and fulfilling year filled with a wide array of enriching experiences, innovative initiatives, and remarkable achievements. The journey was both inspiring and enlightening, reflecting the collective commitment of our school team to ensure excellence in all aspects of education.

Academic Excellence

Academic achievement remains the hallmark of Swami Ram Tirtha Smart School. With rigorous preparation and focused guidance, our Class X and Class XII students brought pride to the institution by securing a 100% pass rate in the board examinations. Notably, a student from Class X scored an impressive 97%, with several others securing above 90%, reflecting our relentless pursuit of scholastic excellence.

Special attention was given to continuous assessments through unit tests, revision schedules, remedial teaching, assignments, projects, and end-of-term examinations. We are deeply grateful to our parents for their unwavering support and encouragement throughout this journey.

Holistic Development

Our institution believes in nurturing well-rounded individuals by giving equal importance to both academics and co-curricular activities. A variety of weekly clubs—including Football, Taekwondo, Skating, and French Language—were conducted to help students discover and hone their unique talents and interests.

Physical Fitness and Sports

Physical fitness was actively promoted through structured training and enthusiastic participation in various interschool sporting events. Students showcased their abilities and sportsmanship, making their presence felt in competitive arenas and building confidence and discipline.

Field Trips and Educational Visits

Experiential learning was encouraged through thoughtfully planned educational visits and field trips, such as:

Dainik Jagran Office and Printing Press Tour

Visit to Saras Mela to witness the craftsmanship of talented artisans

Post Office Visit by our younger students to understand postal services

These excursions enhanced students' practical understanding of real-world systems and local culture.

Celebrations and Cultural Events

Festivals and national days were celebrated with zeal and creativity, promoting a sense of unity and cultural appreciation. The school organized vibrant events on:

Independence Day and Republic Day

Earth Day, Janmashtami, Diwali

The Annual Day – Rishtey, which was a grand cultural showcase

Additionally, a group dance performance on Voters' Day (15 January) was highly appreciated and received a special mention from the Deputy Commissioner.

Inter-School Participation and Achievements

Our students participated actively in interschool competitions under the Hub of Learning, where six schools came together. In the Interschool Elocution Competition, our students Pawni and Abhishri won first prizes in two different categories, bringing laurels to the school.

Workshops and Enrichment Sessions

To keep students informed, skilled, and mentally healthy, several workshops and counselling sessions were conducted:

NEP awareness and mental health workshops

Career counselling sessions by PRATHAM, guiding Class X and XII students regarding CUET and other future options

Workshops on Table Manners and etiquette for younger students

These sessions played a vital role in equipping students with knowledge beyond textbooks.

Infrastructure Development

In pursuit of academic advancement, our school has added a new wing this year, marking a milestone in infrastructural growth. This includes:

A state-of-the-art IT Lab, equipped with high-speed Wi-Fi connectivity, advanced software, and a large number of functional computers

A Mathematics Lab to support concept-based learning

An upgraded Science Lab with modern apparatus

Dedicated spaces for Music and Fine Arts, ensuring holistic development of each child

As we reflect on this successful academic year, we extend our heartfelt gratitude to our dedicated faculty, cooperative parents, and enthusiastic students who made it all possible. We move ahead with renewed passion and a firm belief that together we learn, grow, and rise.

Thank you.
